

WE NEED MORE TREES

Clean air, flood-free streets, healthy soil; blooms for bees, berries for birds, homes for hedgehogs; richer, happier lives... there's a tree for that!

WTML/Richard Faulkner

A young wood can lock up 400+ tonnes of carbon per hectare in its trees, roots and soils

Trees can reduce flooding, saving potentially up to £65 billion in flood protection

WTML/Adam Weaver

A single mature oak can support up to 2,300 species, and a mixed native woodland, even more

WTML/Adam Burton

'The UK's woodland cover is just 13%, compared with the EU average of 37%

WTML/James

53% of woodland wildlife species are in decline

WTML/Philip

Trees have been found to lower asthma rates among children aged 4-5 in areas with more street trees
